	Unit Number
	Dimmer
	Channel

General Notes
 1. Beam 3, Instruments 10, 11, 12 to be underhung.
 2. The placement of the video projectors is approximate depending on the width of image and throw. Each projector should be able to cover from midstage to the outer edge of the upstage masking flats.
 3. If you have any questions about this plot, please feel free to contact me at 520-264-8872 or don@djfox.biz. I'm happy to make adjustments. Thanks!
